Specifications

Acts as a stationary eye/face wash or hand-held spray for face and body rinsing. Quick access emergency eye and face spray features soft-flow sprayhead for flooding large areas as well as eyes only. Self-coiling hose retracts for easy storage while allowing instant extension in emergency situations. Water flows when handle on chrome-plated brass assembly is squeezed.

UPC and cUPC Approved:

The Emergency Fixtures are certified to comply with the requirements of the Uniform Plumbing Code and the National Plumbing Code of Canada by the International Association of Plumbing and Mechanical Officials (IAPMO).

Construction

12' (1829mm) hose is colored yellow for high visibility. Hose burst strength is 660 PSI. Metal parts of bracket for sprayhead/valve assembly are stainless steel.

Standard Equipment

Eye/Face Spray

Perforated sprayheads are ABS plastic and features soft-flow sprayhead for flooding large areas as well as eyes only. Protective sprayhead covers included. The integral flow assures safe, steady flow under varying water supply conditions.

Valve

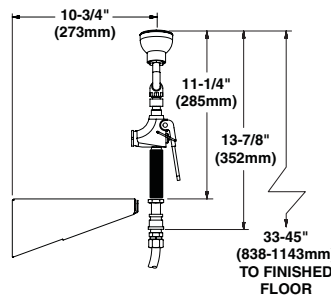

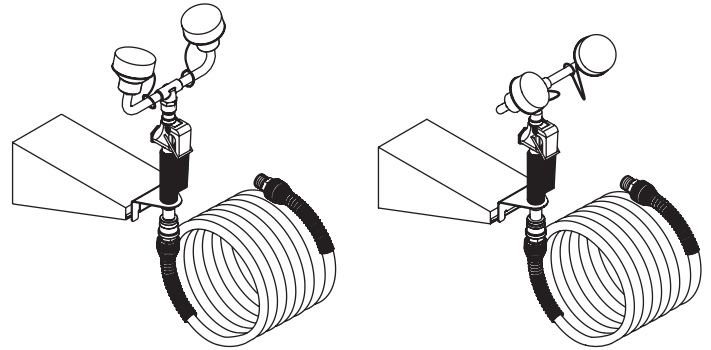

Chrome-plated brass with extended handle stays open until manually closed.

Hand-Held, Recoiling Drench Hose

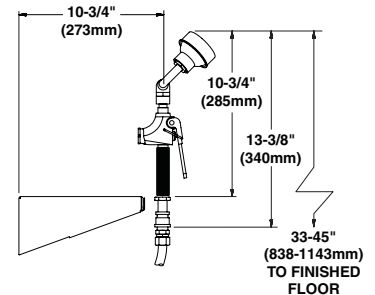

Self-coiling hose retracts for easy storage while allowing instant extension in emergency situations. Water flows when handle on chrome-plated brass assembly is squeezed. Hose burst strength is 660 PSI. 1/2" female IPS.

Wall Bracket

Metal parts of bracket for sprayhead/valve assembly are stainless steel.
